

Greeting from MLA Tegart

Good evening to all those in attendance,

I am disappointed that I am unable to speak with you all in person today. My riding, although beautiful, is expansive and makes it difficult for me to make it to as many events as I'd like.

That being said, I wouldn't change a thing. The Nicola Valley is an incredible place—one that I am proud to represent in the legislature. That is why the unveiling of Tourism Nicola Valley's new interactive website is so exciting.

This new website will allow those both near and far to see for themselves what we have to offer. The spotlight will be placed on local businesses and organizations to promote products, services, and events. This exposure will entice people to visit and support these hardworking folks in the valley.

The website makes it easy to book a trip to the region, with recommendations and insights from local resident bloggers.

I would like to commend those at Tourism Nicola Valley for your dedication to promoting our communities and the work that went into creating this impressive website.

I will certainly be directing those interested in Merritt and the Nicola Valley to the Experience Nicola Valley site, and I encourage you all to do the same—Thank you!
